Huckaback Toweling for Summer Embroidery.

Our assortment of Huckaback for Towels was never more complete, in all widths and qualities, plain and figured.

It is earnestly suggested that all selections be made now for contemplated gift work this autumn and Christmas season, as importers and manufacturers have withdrawn market quotations on account of the scarcity of flax.

All Babies Destined to Great Achievement

To be born is to be great. For there are possibilities in every tiny human in-fant. And for this reason every one should remember that whatever is done to

the child.

Among the sterling nids is a splendid external remedy known as "Mother's Friend." It is what is called an embrocation. It happilled to the abdominal muscles, gently rubbed in by your own hand guided by your own mind. It makes the muscles pliant, they expand quite naturally and the effect upon the nerves is such that they adjust themselves to the process of expansion. effect upon the nerves is such that they adjust themselves to the process of expansion so that pain from this source is almost eliminated. Women who use "Mother's Friend" refer to the absence of morning sickness, they are relieved of a great many minor distresses, all apprehension disappears and those peculiar nervous "fidgets" no longer disturb the nights. It is well named "Mother's Friend." Get a bottle today of any druggist. Then at once write for a most entertaining and instructive book for all prospective mothers. Address Bradfield Regulator (A. 456 Lemas Ridge, Atharta Ge.

Leslie Wharton slammed down the tele- | Poor Leslie! What a time he must have

"Myra," I exclaimed, "where is your "What ring" she countered

ripple of laughter.

That explains Leslie's sudden getaway of gold. It doesn't make any difference on the office this afternoon. I said.

Yes Levile came tearing home, think-

"Where in the world did you set that the was good, thus take of she find the baughed long. But did she find the baughed long. But last baughed long. But did she find the baughed long. The baughed long are foolish to be baughed long. But last last baughed long. But did she find the baughed long. Bu

"Robert," she smiled, "forgive me. I've been joking with you. You know I've al-ways prized that ring and always shall." I looked at the third finger on her left hand, just to make sure the ring was there, before I answered. "Sure, dear. I knew you hadn't thrown It away.

Railroads Ask Interstate Commission to Dismiss Local Merchants' Complaint.

NO WATER COMPETITION

Brief Cites Reasons Why Higher Charges Should Be Allowed.

Asserting that higher commodity rates to Washington than to Richmond, Petersburg, and Fredericksburg, Va., are justi-fied, for the reason that Washington rates are not water competitive rates, counsel for the Baltimore and Ohio, Pennsylvania, and other railroads serving Washington from North and East yesterday filed a brief with the Interstate Commerce Commission, in which they asked that the complaint brought by the Washington Chamber of Commerce, the Retail Merchants' Association, and many usiness men and firms be dismissed The brief holds that Washington, naturally and by custom, belongs to the Northern group of cities, with Baltimore as chief competitor, and it is alleged that Vashington is in reality seeking to gain advantage over Baltimore. It is further stated in the brief that the rates to Richmond, Petersburg, and Fredericksburg are based on the Norfolk rate, which it is stated, was made low for the purpose of meeting direct competition by water. City Not in "Low" Group.

educed to the water rate, authorized violation of the fourth section of the Inter-state Commerce act in lower rates to Norfolk and other Virginia cities than

by the greater rapidity of railway serv-ice, and that the faster railroad service to Washington offsets the effect of water rates. It is pointed out that from New York to Richmond is 444 miles by water and 343 by rail and to Washington 524 miles by water and only 227 by rail.

The brief, attacking the right of the complainants to bring up the case, declares that all the issues involved were decided in the store-door and other Chamber of Commerce cases, when the Interstate

'ommerce Commission found that class rates to Washington were reasonable It is maintained by counsel for the rail-roads that while the present case is aimed at commodity rates, the complain between the Virginia cities and the Northern groups. They state that the commission declined to consider this rate relationship when it refused a rehearing on the store-door cases.

The brief asks the commission to consider that, while nominal complainants were named in the case, it seemed that men, and that these witnesses testified to practically nothing, except as to fig-ures to serve as a basis for reparation
